REGULATION ON QUALITY ASSURANCE OF EUROPEAN UNIVERSITY SKOPJE

Skopje, February 2026

Based on Article 19, paragraph 2, item 12 of the Law on Higher Education and Article 26, paragraph 2, item 12 of the Statute of European University Skopje, the University Senate of European University Skopje, at its 149th session held on 26 February 2026, adopted the following:

REGULATION ON QUALITY ASSURANCE OF EUROPEAN UNIVERSITY SKOPJE

I. GENERAL PROVISIONS

Article 1

This Regulation governs the principles, standards and procedures for establishing, implementing and improving the quality assurance system in the operations of the University. The Regulation also provides for a competent body responsible for undertaking measures and activities for quality assurance and quality control in the operations of the University.

Article 2

The quality system encompasses policies, procedures and measures aimed at the continuous improvement of educational, scientific-research, artistic, applied and administrative activities.

Article 3

The quality assurance and quality control system is based on the Law on Higher Education, the Statute of the University, and applicable national and European standards.

Article 4

Responsibility for quality assurance and quality control in the operations of the University is exercised at all levels and by all bodies, organizational units, teaching staff and non-teaching staff.

II. QUALITY ASSURANCE SYSTEM

Article 5

The quality assurance system in the operations of the University is implemented through the monitoring, application and implementation of standards prescribed in the Regulation on Standards and Procedures for External Evaluation and Self-Evaluation. The following standards are of particular importance: institutional quality assurance policies; development, approval and monitoring of study programmes; learning, teaching and student-centred assessment; student admission and progression; diplomas and certificates; teaching staff; learning resources and student support; informing the public; international cooperation.

Article 6

Continuous monitoring, analysis and improvement of processes shall be carried out with the aim of increasing the efficiency and success of the University.

Article 7

The activities shall include: defining a strategy; establishing measurable objectives; monitoring results; conducting analysis; and undertaking corrective measures.

Article 8

Quality shall be improved through the development of teaching, scientific-research work, and cooperation with stakeholders and the labour market.

Article 9

The objectives are: high academic standards; improved student competencies; transparency; mobility; and international recognition.

Article 10

The University shall regularly inform the public about the results of its quality-related activities.

III. QUALITY ASSURANCE BODY

Article 11

The competent body for quality assurance and quality control at the University level is the Quality Assurance Commission, consisting of: 3 members from among professors permanently employed at the University; 2 members from among the non-teaching staff; and 1 student. The members of the Quality Assurance Commission shall be appointed by the Rector for a term of 4 years, with the right to one additional appointment.

Article 12

The Quality Assurance Commission coordinates all activities aimed at improving quality.

Article 13

The Quality Assurance Commission plans, monitors and analyses processes related to quality assurance.

Article 14

The Quality Assurance Commission prepares plans and reports and promotes a culture of quality.

Article 15

The Quality Assurance Commission proposes strategies, analyses results and initiates measures for improvement.

Article 16

The Self-Evaluation Commission conducts internal assessment in accordance with legal regulations and European guidelines.

IV. TRANSITIONAL AND FINAL PROVISIONS

Article 17

The interpretation of the provisions of this Regulation shall be carried out by the University Senate.

Article 18

This Regulation shall enter into force on the day of its adoption.

President of the University Senate

Professor Sonja Vujasin, PhD
